* Limited Knowledge

About

Name	Mark Jardine
Email	mark@radiantmars.com
Phone	(714) 306-6111
Location	Irvine, California

I'm a firm believer pursuing life's passions and mine is definitely a blend between art and technology. I'm always interested in potential new work, whether it be a freelance or full-time gig.

My main focus is in web interface design. I build standards-based accessible and scalable websites. I love markup, attention to details, and keeping up with the latest web technologies.
